PROFESSIONAL EXPERIENCE

Digital Transformation & Systems Coordinator | Sterling Securities | Verona, NJ

September 2023 – Present

- Led digital transformation initiatives by identifying operational inefficiencies and implementing automation and AI-assisted workflows that improved business processes.
 - Developed and maintained operational, financial, and personnel data systems across Excel, ADP Workforce, WMS, and the NJ State Police portal, ensuring data accuracy and compliance.
 - Conducted a comprehensive audit of SORA certification records to improve data integrity and regulatory compliance.
 - Designed and maintained internal knowledge resources and external web platforms, including an employee portal and company website, improving access to documentation, HR resources, and recruiting information.
 - Developed a QR-based uniform inventory system using Google Sheets, AppSheet, and Google Apps Script with automated alerts.
 - Provided end-user IT support, mobile device deployment, printer configuration, hardware setup, software installation, and technology training.
 - Leveraged ChatGPT to develop standard operating procedures, HR policies, training materials, employee communications, and technical documentation, improving documentation quality and consistency.
 - Created user guides and training materials to support technology adoption and standardize internal processes.
-
