PROFESSIONAL EXPERIENCE

Digital Transformation & Systems Coordinator | Sterling Securities | Verona, NJ

September 2023 – Present

- Led digital transformation initiatives across HR, operations, compliance, and IT by implementing new systems, process improvements, and digital workflows.
- Consolidated operational, financial, and personnel data from multiple spreadsheets into a centralized internal portal, streamlining administrative workflows and improving data accessibility and accuracy.
- Conducted a comprehensive audit of SORA certification records to improve data integrity and regulatory compliance.
- Designed, developed, and deployed an employee portal and administrative dashboard using AI-assisted development tools, centralizing HR resources, documentation, and administrative workflows.
- Built and deployed a QR-based uniform inventory and checkout system within the internal portal, enabling supervisors to scan item-specific QR codes and track inventory in real time.
- Provided end-user IT support across hardware, software, mobile devices, printers, and business applications, including deployment, configuration, troubleshooting, and user training.
- Created SOPs, HR policies, technical documentation, and training materials to standardize internal processes and support technology adoption.
